

Board Development Committee

TO: Brothers, Elders and Sisters
Puget Sound Community at Large

FROM: Secretary Board of Trustees
Idriss Mosque

DATE: October 22, 2010

Assalam O Alaikum

As we all have noticed that Idriss Mosque has made enormous progress in keeping the Mosque peaceful, calm, and free from trouble. It is the intention of the board to preserve the sanctity and peace of the Masjid at all cost, specifically in post 9/11 environment.

As any other institution, we need to move forward to fulfill community needs and requirement. In order to do so, BOT is seeking help from the community to form a Board Development Committee. As secretary, I am authorized to seek your comments and suggestion to develop criteria for board members.

Your comments and suggestions are welcome at:

Thank you
